

She can't do her dance because the table is in the way. Can you help me move it?

We could leave early and have breakfast on the way.

That chair is in the way, move it please.

I'm afraid your car is in the way.

Step aside, you are in my way.

I had a flat tire on the way home.

I listen to the radio on the way to work.

I can pick you up on my way home.

There's something in the way you look at me.

There's something in the way he talks.

This song always takes me back to my childhood.

This photo takes me back to the good old days.

If you don't like the scarf, I can take it back.

If the shirt doesn't fit, take it back.

She had an affair, but then Akbar took her back.

I can't take him back at all.

I didn't mean what I said, I take it back.

Take it back.

Everything is very new to me now.

Everything seems to be all right.

I found that everything was all right.

The only thing I can do is keep quiet

Money is the only thing that matters to them.

The only thing that kept me calm was music.

The only thing we can do now is wait and see what happens.

It was the only thing that I could do.

I'm tryna help you.

I'm tryna find it!

I've been standing up all day.

Stand up straight and don't slouch!

Could you all stand up please?

He stood up to shake Akbar's hand.

Please stand up when we call your name.

Stand up. Face the wall.

I saw it with my own eyes.

I saw it with my eyes.

That's my own house.

They miss their own country.

Bring your own bag.

I haven't got any money.

I ain't got any money.

I ain't got my wallet on me.

He ain't going home.

I ain't done nothing wrong.

Oh darling, I do love you.

Don't worry, darling, Daddy's here.

This is my darling little sister.

What a darling little house!

Those cars are darling.

It's getting cold.

I'm getting tired.

He's getting old.

I think It's getting late.

What do you say we sell the car?

What do you say we rent a house together?

What do you say I buy this shirt?

We'll go on holiday together. What do you say?

I have to leave early today.

I'll have to gas up before we leave.

I left because you never asked me to stay.

We left early to avoid the traffic.

It's late - I'll walk you home.

She walked me to the front gate.

Could you please walk her home? It's getting dark.

You have to walk your children to school.

She left in the dead of the night.

I wake up in the dead of night and find that I can't remember who I am.

They say he used to go out in the dead of night.

There is ice and snow everywhere in the dead of winter.

I always say what's on my mind.

You are always on my mind, in my dreams and in my heart.

That matter is always on my mind.

This has been on my mind all week.

I don't really know what is on his mind.

My mother is staying with us this week.

I'm going to stay with my brother in his house near the sea.

My mother is coming to stay with us.

You must come and stay with us in Tehran sometime.

I don't know what's going on.

I don't have any idea what's going on.

Can you tell me what is going on?

I like him because he makes me laugh.

I can't wear wool - it makes me itch.

That film always makes me cry.

That man makes me angry every time I see him.

Come on, we'll be late!

Come on, you can do it!

Oh come on, don't lie!

Come on, then, hit me!

So come on and show me how we're good.

You could cause an accident driving like that.

Someone could be killed.

He could stay there, but I'm sure he chooses to go.

She could call first.

Someone could have been killed.

He could have stayed there, but I was sure he chose to go.

She could have called first.
